Queen Emma Summer Palace

From the stately ancient trees in the garden to the casual Hawaiian elegance of the reception room, each detail was exactly what we wanted.

{ Emily }

Five minutes by car from the center of Honolulu graces what was once the summer home of Queen Emma, consort to King Kamehameha IV, one of the last ruling monarchs of the Kamehameha Hawaiian dynasty. Now a historic house museum dedicated to preserving the rich legacy of the royal family, Hānaiakamalama, known today as Queen Emma Summer Palace, is a timeless symbol of classic Hawaiian

elegance and contemporary style.

Whether you're hosting a close gathering or an event for the ages, the Summer Palace is the ideal backdrop for your special occasion. Guests will enjoy the pictureque tropical gardens and subtle architectural details found throughout, and friendly and knowledgeable staff will work with you through every detail of your important event.
